Dear Dr. Nusseibeh,

Re: Monday Report

I do not know whether the above Report is still being circulated by you. However, at long last I have now received a reply from the District Commissioner in which he expresses the view that the publication is a "newspaper" falling under the definition in the Mandatory Press Ordinance.

This, of course, does not take into account the changes you made by addressing each copy to a named individual which, in our view, would turn it into a letter and prevent it being called a newspaper.

In any event, the District Commissioner also sent us the forms necessary for a permit to publish a newspaper. In our experience, to get such a permit takes several months.

We attach the forms and if you want to go ahead, we suggest that we fill them in together.

Yours sincerely,

  
Arnold Spaer

Dear Sir,

Re: The Monday Report

We have not heard from you in the above matter and  
hence assume that no further action is required.

Yours faithfully,

  
Arnold Spaer
